HE CARES MINISTRY

Below are some recipients of **He Cares Ministry**. We would like to thank our donor who provided financial assistance for their immediate medical attention.

JOVEL VRIBA: A CHILD WITH ACUTE TUBERCULOSIS

Jovel Vriba, 7 years old, is one of the seven (7) children of Mr. and Mrs. Teodoro Vriba. Presently, Jovel and his family live in Wawa, Nasugbu, Batangas. He is one of our recipients in feeding program in Batangas conducted by Pastor Rodel Alveyra. Jovel can't go to school anymore due to **acute tuberculosis**. His family could not afford to supply the required medicines for his medication due to financial constraints.

EUNICE B. SALAWA: A CHILD WITH EPILEPSY

Eunice is the second child of Pastor and Mrs. Bernard M. Salawa. She is now 8 years old and yet she is out of school due to her serious sickness. She is epileptic since 5 months old and went through many stages of medication. The picture at the right shows that she looks like healthy but in reality she is very weak. In fact, every time she gets tired, she seizures making her body very weak and causes her to sleep a couple of hours. This becomes a routine everyday. She has to take a medicine daily. But her parents are now experiencing difficulty in buying medicine for her daily maintenance in order for her to survive.
